

Tee times vanish completely when no one uses them –

that's revenue that's lost forever!

It's better to:

- Sell tee times at a discount for additional revenue
- Attract new golfers to your course
- Get golfers spending even more of their money on all of your other high-margin services

**What do you have to lose?**

Nothing. You have the available tee times... so, why not? There is no upfront cost to you. If we don't sell a tee time in advance, you'll still be able to sell them in the last few days or to walk-ons.

*the quick, easy, profitable solution*

Golf courses have always had tee times that go unused. In the last few years, it's even more difficult for courses to fill their tee sheet. Each and every unused tee time represents lost revenues that can easily add up to well over \$1,000 per day!

### Would you like to sell hundreds more greens fees & cart fees per month?

This would be up to 60 foursome tee times per month. Would you like those 250 golfers/month to spend even more of their money on high-margin services like drinks, snacks, food, the range, and merchandise in the pro shop? Would you like to introduce your course to experienced golfers that haven't played your course before? Would you like them to turn into regulars? US Tee Times can help.

### Who are these new golfers?

These golfers are part of the over 40 million registered US members of **eBay**, *The World's Online Marketplace™*. Last year, over 25,000 tee times were purchased in advance on eBay!

### How much additional revenue can you expect to make with US Tee Times?

To get a feel for the additional revenues we can generate for you (just from greens fees and cart rentals alone), see the table below.

#### Additional Revenue Per Year

Your Typical Price Per Person  
(Green Fees and Cart Rentals Combined)

# of Tee Times Per Day	\$25 Per Person	\$50 Per Person	\$75 Per Person	\$100 Per Person
1	\$18,250	\$36,500	\$54,750	\$73,000
2	\$36,500	\$73,000	\$109,500	\$146,000
3	\$54,750	\$109,500	\$164,250	\$219,000

*And this excludes additional revenues from other services such as food and beverage, merchandise, and range balls.*

### Thinking about selling your tee times on eBay by yourself?

Instead of investing time and money attempting this yourself, US Tee Times can do it for you immediately and successfully. Members of our management team have worked at eBay and sold on eBay for years, so we are intimately familiar with all aspects of successfully selling on eBay.

### Why US Tee Times?

Unlike other alternatives, with US Tee Times, there are no up front fees, no monthly fees and no software to buy. Once we get started, you or a member of your staff will spend no more than 10 minutes per week to sell up to 20 tee times per week.

### How will it work?

1. Once a week, you or one of your staff will spend less than 10 minutes selecting 2-4 tee times per day for the next week that you don't typically book. You'll simply block off these tee times and tell us about them.
2. US Tee Times will then sell those tee times on eBay.
3. At least 2 days before the date of the tee times, US Tee Times will notify you of:
  - Which tee times have been purchased in advance.
  - The tee times that were not sold (so that you can "un-reserve" them and book them in the remaining days, or make them available to walk-ons).
4. Buyers of tee times will pay US Tee Times and receive confirmation information.
5. Once per month, US Tee Times will pay you for the tee times we sold, less a service charge.

**It's that easy!** And if you are interested in a different structure, we're flexible too. We are also open to selling gift certificates, discount coupons or other tee-time-related products. Just let us know how we can help you!
